Why Support Help In Hope, Inc

- ▶ Help In Hope, Inc is a newly found non-profit organization that has been developed to help local transitional aged youth and their families in Fayetteville, NC and surrounding areas. Help In Hope, Inc, is ran by the Board of Directors along with a host of community volunteers as we are still growing and establishing ourselves in the community. In supporting Help In Hope, Inc you would be aiding in the development of a small local non-profit organization that aims to address the needs of an underserved population. Through your contributions, Help In Hope, Inc. will be able to cultivate and foster the youth and caregiver mentorship program by allotting finances to afford meeting space, event supplies, mentor trainings, and more. Your agency support allows Help In Hope, Inc. to be equipped with the resources needed to meet the mission and better the overall lives of the youth served. A multitude of transitional aged youth fall into minority groups, and are often overlooked.
